

PSL CLASSES INTERNATIONALES

YOUR PATH TO PSL INTERNATIONAL BACHELOR'S DEGREE

✓ **STEP 1: APPLY & CHOOSE YOUR PATH**

When registering for Classes Internationales at PSL, students indicate their preferred Bachelor's program

- OPTION A: I-BE³, International Bachelor of Environmentally Engaged Engineering
- OPTION B: I-BsAI, International Bachelor of Science in Artificial Intelligence

✓ **STEP 2: ONE-YEAR PREPARATORY PROGRAM**

Students complete an intensive foundation year to strengthen their academic skills and prepare for PSL's highly selective Bachelor's degrees.

✓ **STEP 3: EVALUATION & FINAL PLACEMENT**

Placement in the desired program is based on academic performance, available spots, and alignment with program requirements.

✓ **STEP 4: ENTER A PSL BACHELOR'S PROGRAM**

At the end of the foundation year, students transition into a PSL Bachelor's degree, ensuring they are placed in a program where they can thrive and succeed.

PSL CLASSES INTERNATIONALES

International Bachelor of Environmentally Engaged Engineering

→ A HOLISTIC ENGINEERING APPROACH FOR A SUSTAINABLE FUTURE

I-BE³ embraces a systemic and generalist engineering perspective, integrating sustainable development principles while addressing planetary boundaries and societal challenges.

→ A PROGRESSIVE CURRICULUM ALIGNED WITH SDGs

With biannual thematic focuses connected to the Sustainable Development Goals (SDGs), students engage with cutting-edge topics in collaboration with industry, research, and public administrations.

→ GLOBAL IMMERSION & PROFESSIONAL EXPERIENCE

A mandatory international internship allows students to gain hands-on experience in research labs or socio-economic sectors, fostering global perspectives and career readiness.

→ STRONG FUNDAMENTALS & INTERDISCIPLINARY LEARNING

The curriculum blends rigorous engineering sciences – mathematics, physics, chemistry, and computer science – with societal studies, including epistemology, history of sciences, and cross-disciplinary problem-solving.

OPTION A
